

GROWING CONTAINERS

FHD SQUARE POTS

FHD square growing pots provide greater capacity for growing mediums, and provide a better fit when used in combo with flood and drain tables. Fill them with soilless mix, soil, granulated rockwool, rocks, coco peat, perlite, vermiculite, or your favourite combination. These commercial greenhouse quality pots are made of durable and recyclable black polypropylene for years of reliable growing.

Drainage is provided for at the base of the pot, and the moulded rim is a convenient grip spot when transporting or rotating your pots within your gardening area.

FHD Square Pots are available in three convenient sizes:

	ONE GALLON	TWO GALLON	THREE GALLON

FHD HD 1020 TRAYS

The HD means “Heavy Duty”. These traditional 1020 sized thermoformed trays are twice the thickness of the standard 1020 tray, making them truly rugged and long lasting. No need to stack two together for stability. These HD 1020 trays are ideal for commercial greenhouse applications, and the indoor gardening enthusiast.

FHD HD 1020 trays are compatible with all your standard 1020 tray accessories.

	FHD HD 1020 Tray	FHD - 1020 TALL HUMIDITY DOME - VENTED
<i>Fits</i>	All standard 1020 accessories	FHD HD 1020 & Standard 1020 trays
<i>Dimensions</i>	21" x 11" x 2.4" 53.5 cm x 28 cm x 6 cm	21" x 11" x 7.5" 53.5 cm x 28 cm x 19 cm
<i>Weight</i>	220 grams	215 grams
<i>Item #</i>	1400201	1400230

FHD 1020 TALL HUMIDITY DOMES - VENTED

Good quality humidity domes, these reusable vented humidity domes help provide the perfect environment from seed starting, cutting propagation to transplant. These vented dome features two sliding dual vents on the top allowing your plants to stay covered longer, while optimum airflow and moisture control are provided for via the venting.

Although specifically designed for the use with FHD HD 1020 trays, they work well with all standard 1020 trays and accessories.
